Buildings to Be Smart

It's about making your business more efficient, creating solutions that set it apart, and putting you a step above all the rest. It's how we mind your business.

As a business owner or facility manager you have enough to worry about without letting the technology of business operations distract you.

We can give you competitive advantage by improving operating efficiencies.

Set your lighting, music, temperature and video to greet your customers with the perfect welcome.

With one button your security system arms, lights go on, temperature adjusts and all the music and TVs automatically turn on.

Keep an eye on things—from anywhere. Whether equipment or lights are left on, or unusual activity is detected, you'll always be in the know.

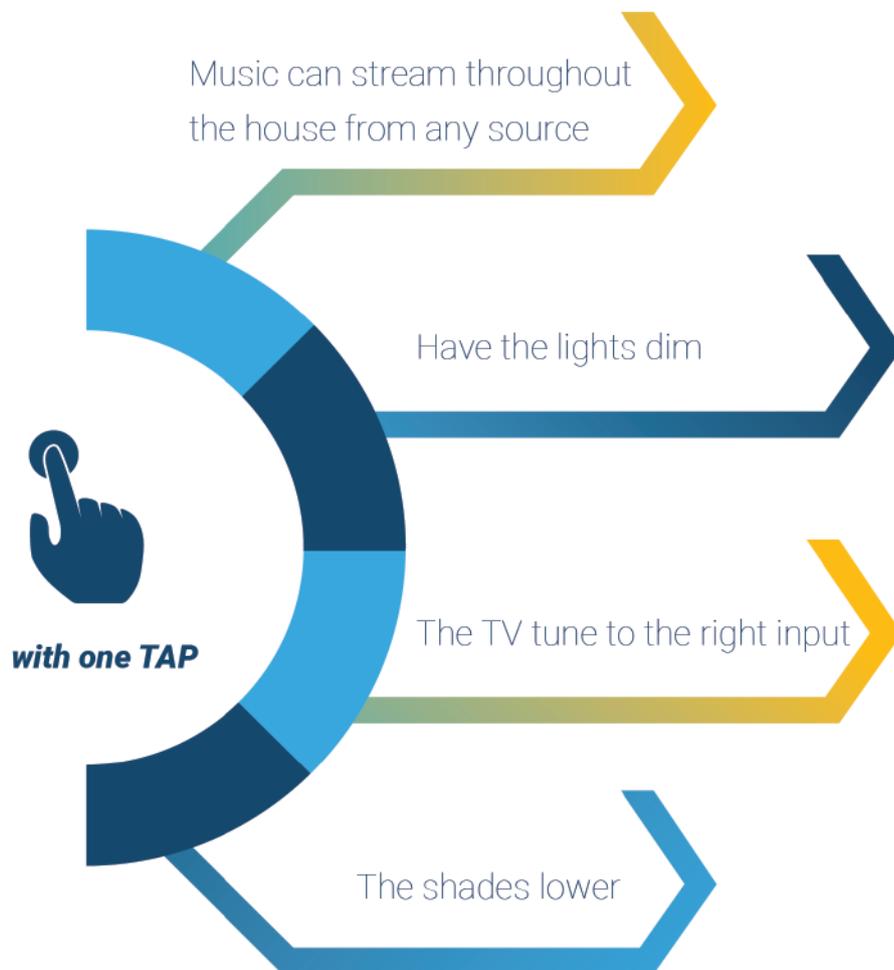

Homes to Be Smart

Be Smart House premium automation solutions make you the true master of your domain.

Easily and intelligently control every aspect of your home—from lights, security, climate control, home theater, music system and more—even if you are miles away, Or let things happen automatically.

WHEN ITS GAME TIME

Be Smart house . Its better living-automatically.

Hotels to Be Smart

Start stay is just a touch away. Guests can control drapes, lights, a temperature, TV, and music, schedule wake-up scenes, request valet service, and more—from one intuitive remote.

Creating an unsurpassed experience for guests.

Reducing your carbon footprint.

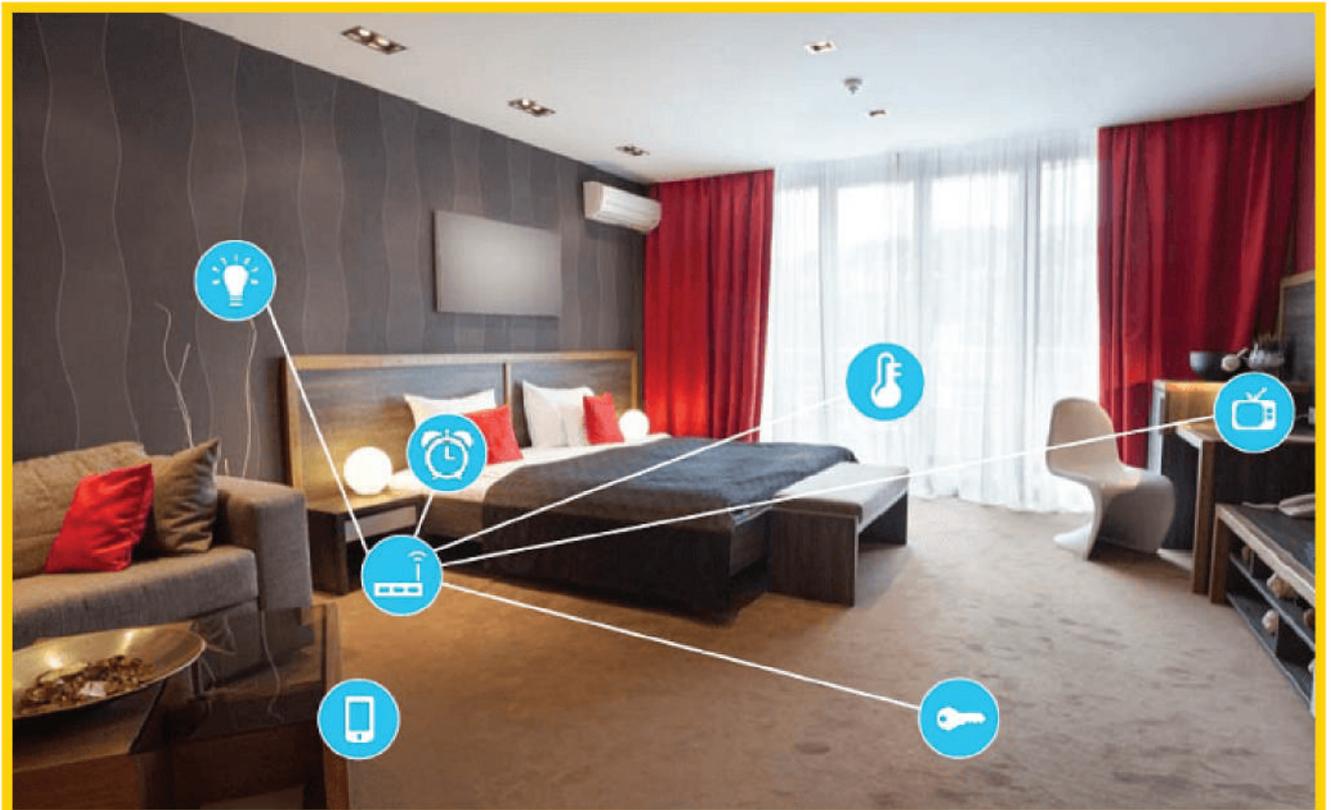

A smart hotel is simply a smart idea.

Save money through improved energy management and enhance your guest's experience at the same time.

Customize the room experience to delight every guest:

from lighting scenes, to automated drapes, entertainment—even their wake up experience.

With the swipe of a key, the room greets guests with dimmed lights, soft music and drawn shades.

About Of Our SOLUTIONS

SMART HOMES

Provides automation solutions to office and homes, designed for the lifestyle of today with a keen eye towards the future.

An important part of the ultimate living experience is to be able to control your environment and set the perfect ambiance for any given situation.

A home Automation system controls all your lights, curtains, air-conditioning, music system and even we can make everyplace to Be Smart.

Smart Home Automation systems is one that provides its homeowners comfort, security, energy efficiency (low operating costs) and convenience at all times, egardless of whether anyone is at home.

GUEST ROOM MANAGEMENT SYSTEM (GRMS)

Be Smart House L.L.C. is specially designed and developed automation solutions for hotels to drastically reduce the costs of materials, engineering, installations, and maintenance.

The Guest Room Management System integrates with building management, property management and 3rd party systems to provide a holistic view of each guest room in your hotel.

GRMS Benefits:

01

Realize significant energy savings of 25-44%.

02

The guests will appreciate the ability to control the lighting, the curtains, the temperature and the fan control unit easily through such friendly system.

03

Monitor energy consumption and alarms remotely and in real time.

04

Facilitate maid service requests.

HOME THEATRE

Be Smart House L.L.C. specialize in the design and implementation of your dream home theatre system.

We Offers the latest technology, from 4k projection systems, immersive surround sound and the latest in LED home cinema screens.

Our skilled design and installation team turn your dreams into reality.

Our designers will work with you to build up a home theatre style and scheme that will turn your room into a true home cinema...just let your imagination flow.

To complete your home theatre cinema and give ultimate comfort, we offer a wide range of luxurious seating options from cinema recliners in sumptuous leather to bespoke chairs made just for your room.

AUDIO & VIDEO SOLUTIONS

Audio Distribution:

Be Smart House L.L.C. can design and install a multi room audio to integrate simply into your home at the same time delivering sound quality to match the performance you require.

Video Distribution:

Design video distribution systems that will allow you to access and watch your chosen media across any TV or display in the home.

Video distribution system allows you to keep all your devices such as: Dish receiver, DVD player, Apple TV, Movie Server and other video devices in a central location and access them in any room at the simple touch of a button.

WIRING ACCESSORIES

We provide high quality of wiring accessories which matched with your Elegant Design, Various Finishing & Perfectly Matching & Styling Products " which are suitable for all your requirements "

Wiring accessories are more than just light switches and socket outlets.

Get inspired by wide offer of dimmers, socket outlets, data outlets, USB chargers, movement detectors, thermostats, timers, etc.

Whether you're building or renovating, we have everything you need to get your electrical installation done right the first time.

CCTV & SECURITY SYSTEMS

We build our CCTV systems with convenience, ease-of-use, and affordability in mind.

With a smart, connected security camera system you can view live footage and monitor your premises from almost anywhere in the world.

INTERCOM & ACCESS CONTROL SYSTEMS

CONNECT, COMMUNICATE, AND CONTROL LIKE NEVER BEFORE

Whether you are home or away, with Intercom and access control system anywhere you can monitor and communicate with any room of your smart home right from your smart phone.

With Intercom & Access control system you have peace of mind in the palm of your hand.
